Attorney W. A. Kinney is booked to leave tomorrow noon in the steamer Mauna Kea. He will be accompanied by Stenographer J. A. Combs.

Albert Hodson, inspector in the Postoffice Department, was on Molokai last week and then went on to Maui, where he continued his round of inspection.

Kali, who seems to have been quite successfully drunk on Saturday, had a suspended sentence of one year and one month registered against him this morning at the Police Court.

Mrs. M. Louissou, a former resident of Honolulu, is visiting in the city for a few days, stopping with the Gartenbergs at Waikiki. She will be "at home" tomorrow afternoon, April 27.

Governor and Mrs. Frear, ex-Vice-President Fairbanks, Mrs. Fairbanks and Mrs. Timmons, who went on an automobile trip around this island Saturday, returned at about 6 o'clock. The distinguished malihinis enjoyed the trip very much. A stop was made at Haleiwa, where luncheon was waiting.

Sheldon, chairman of the Rules Committee, protested. It was pretty late in the session to bring in such a resolution, unless the House wanted a whitewash.

Furtado moved to table the resolution, declaring that this House has no business to make rules to govern the next House. Kaloepu moved the resolution be referred to the Rules Committee, and, ignoring the motion to table, the Speaker so referred it.

The Committee on Public Expenditures and Accounts reported on the resolution to pay D. L. Conkling \$250 for his services to the Legislature, and recommended that on account of the "conscientious and faithful services of D. L. Conkling as clerk to the Federal disbursing officer of the appropriation for the Legislature of 1939 deserving of recognition at the hands of the House of Representatives," it recommended the adoption of the resolution. The report was approved.

Two hundred and thirty-five bills have been introduced in the House during the session, which is what the figure will be when the House adjourns sine die, it being too late to get any more through. "All of these bills are out of the hands of committees and, with one exception, finally disposed of, so far as the House is concerned. One House Bill was on the order of the day for third reading this morning.

Eighty-seven bills have been tabled, 15 indefinitely postponed. Thirty-seven House bills have as yet failed to get past the Senate; 23 have been sent to the Governor, 66 of which have been signed and seven vetoed, the vetoes all being sustained. Two House bills were still this morning in Conference Committee hands. The Governor had 20 House bills which he had neither signed nor vetoed. Some of these will probably be pocket vetoed.

The Lands Committee reported on

the communication from the Waikiki Reclamation Commission that it had not had time to investigate the matter thoroughly and therefore recommended that it be passed on to the Legislature of 1941.

As to the advisability of cutting through Bishop street makai of King he agreed with the resolution, and moved that it be so amended as to cut out everything makai of Hotel.

The amendment found favor with the Senate, and the resolution passed. The first vote was objected to by Makekai, on the ground that he was on his feet trying to speak against the resolution when the vote was taken. He was afraid that, by passing the resolution, the Senate would be saddling the Territory with the expense of cutting the street through.

The President explained that the resolution was only a recommendation on the part of the Legislature, but when the vote was taken a second time, the Hawaii Senator's hand fanned the air in hopeless opposition to the resolution.

Tax Liens Again.

House Bill No. 225, making tax liens prior liens against real property, passed third reading, after having been amended by cutting out the clause making delinquent income taxes a lien against real property. Baker was the only one to vote "no" when the roll was called.

House Bill No. 232, regulating the carrying of persons afflicted with leprosy and other contagious diseases on coastwise steamers, also passed third reading. This bill amends the present law by raising the tonnage of vessels allowed to carry such persons.

House Bill No. 229, regulating the issuance of certificates of title by courts of land registration, passed second reading, after having been amended by Chillingworth so as to comply with the provisions of the tax lien law, \$200 for Maui Court.

The Circuit Court of Maui will get the \$2000 needed to carry it through this term. Senate Bill 60, 152, making an additional appropriation of that amount for the current biennial period, passed third reading without any opposition.

This bill was introduced in response to a communication from Maui stating that, were the money not forthcoming, there would be nothing for it but to close up shop and have no more sessions this term.

There was a little grumbling on the part of the lawmakers, but it was evidently decided that court must be held, even though it meant the appropriation of \$2000 more than had been planned on.

The bill regulating the dissolution of corporations, Senate Bill No. 153, passed third reading without any opposition.

The House bill forbidding the sale of live stock afflicted with glanders, farcy or other like contagious complaints, passed second reading through the adoption of the favorable report of the Judiciary Committee.

Chillingworth Amends.

Chillingworth offered an amendment to House Bill No. 231, which was adopted. This is the bill providing for the annual exhibit of the accounts of corporations. In its original form it left the power to decide upon the form of returns with the Treasurer. There was some objection to the provisions, so Chillingworth offered his amendment, requiring the form to have the approval of the Governor.

In its amended form the bill passed second reading.

House Bill No. 234, regarding the sale of property against which there stands a tax lien, was referred to the Judiciary Committee. Chillingworth, in moving that the bill be referred, said that there were many glaring errors in the bill as it stood, and that he, for one, should vote against it were it to come up for second reading without being amended.

A message was received, announcing that the Governor had signed the following bills:

House Bill No. 216, Act 113, entitled "An Act to Amend Section 3 of Act 42 of the Session Laws of 1933, Relating to Public Lands";

House Bill No. 196, Act 114, entitled "An Act to Amend Section 290B of the Revised Laws as Enacted by Act 33 of 1938";

Kaloepu also introduced a resolution calling upon the Rules Committee to revise the rules of the House and make such recommendations as they may think advisable for the rules of the House governing the next House session of 1941.

Sheldon, chairman of the Rules Committee, protested. It was pretty late in the session to bring in such a resolution, unless the House wanted a whitewash.

street from Beretania to the waterfront. Moore took the floor in opposition to the resolution as it then stood, calling attention to the great cost of cutting a street through from Hotel to Beretania, and expressing the belief that Fort street furnished ample means of communication.

As to the advisability of cutting through Bishop street makai of King he agreed with the resolution, and moved that it be so amended as to cut out everything makai of Hotel.
